Thank you for submitting your statistical worksheets.	Formative
<p>This is a standard formative feedback acknowledgement to state that you uploaded your statistics/bar chart submissions in time for the hand in deadline for formative.</p> <p>Noted there is also a summary of your formative content for these units and this is good practice.</p> <p>Both statistics and bar chart/line chart exercises have been completed and so do now use these as artefacts for your summative in e-portfolio unit 12, as statistics and data are a core aspect of your e-portfolio Unit 12 submission,</p> <p>With best wishes</p> <p>Karen</p>
